PLAN CHANGE WAR DEBTS AND REPARATIONS

### SPREADS DEATH IN FAMILY GATHERING SUNDAY AFTERNOON

SOUTH CAROLINA FARMER BELIEVED TO HAVE BE-COME SUDDENLY CRAZED

WAGENER, S. C., Oct (AP)—George Jackson, Aiken county farmer, sought as the slayer of six of his kinsmen, was captured today at his home near here.

He surrendered without a struggle after his daughter had gone out to tell officers surrounding the house that "Daddy says please come and get him." Negroes had reported to officers they saw him at the house. Officers at once left with Jackson for Columbia to place him in the state penitentiary for safekeeping.

WAGNER, S. C., Oct. 26.—(R)—George Jackson, 40-year-old farmer, apaprently became insane as he sat in a Sunday afternoon gathering of relatives at an uncle's home near here, scattered the group with sudden oaths, killed five of them and then went to the neighboring home of a cousin and fatally wounded him.

fatally wounded him.

Armed with a pistol and shotgun, the death weapons, Jackson fled to a thick woods and early today had eluded capture by 75 possemen who sought him. An 11-year-old daughter, Lula, accompanied him. Bloodhounds aided the posse seeking them.

Those slain were Hamp, 53, and Hayes Jackson, 61, uncles; Mrs. Darl Jackson, 46, an aunt; her sons, Melvin, 28, and Bill, 22, and Herman Jackson, 30, the cousin. Failure of officers to apprehend Jackson spread terror among his other relatives in this section who armed themselves in fear he would attack them.

### JAPAN WILL NOT HEED DEMAND FOR TROOP EVACUATION

TOKYO, Oct. 26.—(P)—The Japanese government tonigh tissued a statement saying that in view of the League of Nations council's failure to obtain a unanimous vote on the resolution calling for evacuation was not binding in any way whatever.

(P)—A murder-suicide, in which a 28-year-old bachelor rancher-mechanic killed his mother and them shot and wounded himself fatally. Saturday night, was sufficiently explained that Finney county officers decided no inquest would be necessary today.

Ned Morris, found dying early Sunday by his brother, C. H. (Dick) Morris at their Southern Finney county ranch home, in a note said he killed his mother and should be necessary today.

It stressed Japan's five "fundamental principles" which were laid down by the Tokyo government last week as the terms to which China would have to accede before withdrawal of Japanese troops from the occupied area could begin.

The statement was made with the intention of clarifying Japan's stand and explaining her position with reference to the league council's actio.

armed themselves in fear he would attack them.

A police guard was set up about the home in nearby Orangeburg county of Mrs. Bell Williams, mother-in-law of Jackson. Officers quoted her as saying Jackson came to her home early yesterday, inquired about his estranged wife, and then said:

"I'm going back to Bethcar (the section where he lived) and wipe out one family and then come back here and wipe out another."

Darl Jackson, uncle of George, was the only person at his home to escape the carnage spread by his crazed nephew.

The slayer and his wife separated some time ago. Officers said Jackson shot and wounded her shortly before they separated and about 10 years ago shot and wounded Hamp Jackson after a quarrel.

BOND ON TUESDAY

CHICAGO, Oct. 26— (AP) —Altiphonse Capone's departure for prison was deferred another day by the United States circuit court of appeals today.

Three appellate judges, sitting on banc, heard the convicted gang lord's attorneys move for a supersedeas bond to allow him liberty while his income tax case was reviewed. The court then ordered in the county jail and promised a rulling at 2 p. m. Tuesday.

As his attorneys sought to save him from a hasty trip to prison, Capone waited in the county jali with his friend and bodyguard, Philip D'Andrea. The two gangsters were given a cell apart from other prisoners, the warden said, so that their "glamorous reputations wouldn't infect the others."

### **GOVERNMENT AID** FOR LOOSING OF "FROZEN" ASSETS

### TWO BILLION DOLLARS FOR PURPOSE IS FAVORED BY DEMOCRATIC LEADERS

the Government aid—two billion dol-for lars worth—in loosing the frozen lars worth—in loosing the frozen securities of the nation's banks is the proposal of two democratic leaders for supplementing President Hoover's emergency program. Senator Glass, democrat of Virginia, announced he would call the senate banking sub-committee together ahead of the meeting of congress to consider this gigantic relief plan of Senator Bulkley democrat, of Ohio. He favors it. The program purposes absorption of the vast bulk of real estate security and loans on bonds and stocks which are "freezing" America's banks. RESPECTIVE GOVERNMENT OF FRANCE AND U. S. BE CALLED ON TO ACT

By BYRON PRICE WASHINGTON, Oct. 26 \_(P)\_A new deal to lighten the world's enormous budget of war debts and reparations became the next goal of international statesmanship today as Premier Laval of France sped homeward after his conferences with

President Hoover. A specific program of reduction, born of a French-American agreement for united effort toward world stability, was discussed by the two leaders and now will be put to the test of practical application.

The initiative is to be left to Germany who is expected to ask soon for relief from her repara-tions. France is expected to agree provided the war debts are read-justed, and the United States is ready to consider proposals for such a readjustment.

Neither Mr. Hoover nor M. Lacurtailment of war debts owed the United States must eventually have the approval of congress, where the opposition already is preparing to give battle. The French parliament might veto any cut in German reparations.

DURANT, Okla., Oct. 26. P)-A detachment of Oklahome national guardsmen, armed with everything but bullets, encamped today at the Oklahoma-Texas free bridge south of here on command of Governor W. H. Murray, to forestall an attempt to close the span.

However, Judge C. However. Judge C. Pollock of Kansas City, who was expected to hear the petition of owners of a parallel toll bridge for authority to block the free structure, postponed the hearing from today until next Monday. ## Washington Studies Offers Borah Blast

WASHINGTON, Oct. 25.—(AP)— In the wake of the epochal conferences of President Hoover and Premier Laval, Washington today guaged the reaction to the explosive interlude of Senator Borah. The Idaho republican's blunt declaration to French newspapermen that the world needed revision of the Versailles treaty of peace with Germany left a gap between him and the French premier that two meetings failed to bridge. It also surred a whirl of specu-Jation throughout the world which is still finding its way to newspaper headlines. In bidding goodbye to Senator Borah last night at the French embassy reception, Premier Laval left no intimation that he was ready to sanction revision of the world war treat of peace, whatever else he and Mr. Hoover may have agreed to in their announced But Senator Borah found today But Senator Boran Tound that his final handshake with Mr. Laval-and an invitation to visit Paris for further talks-had not closed the incident. leaves Texas schools in a precarious condition.

Tax-Paying Delayed

Another factor entering into making the schools hard pressed for financial aid is the law recently passed by the state legislature permitting the delay in paying taxes. Mr. Bryant declared that the state apportionment of \$17.50 per scholastic will be paid, and then gave a lengthy ...cussion of the various sources which make up this amount of money. The speaker charged much mismanagement in school funds. Numrous districts, he pointed out, do not keep close check on their withdrawals, and as a result overdraft their accounts many times. important objectives of education today," Dr. Birdwell continued, He declared, however, that it is problematical with what success this objective has been met. The speaker asked the question: "Do students really feel the results of our teaching these thing to be helpful to them in later life?" "The result of good teaching is measured by the appetite for the subjects left with the students, and how they follow the teachings of those subjects in their later lives," he went on. Explaining this, the speaker averred that if students do not love the subjects they were taught, then the teachers themselves are failures as a teacher of that subject.

Launching into the bulk of his address, Dr. Birdwell said there are three things a schoolmaster first wants to know from a prospective student: First, what is his chronological age; second, what is his achievement age, and, third, what is his moral age. When the value of these ages is determined and the weakest point is determined, the teacher immediately goes to work to strengthen this weak point.

### PREDICTIONS MADE FOR BIG MAJORITY **BRITISH NATIONALS**

LONDON Oct. 26.—(P)—Newspapers supporting the national government predicted today it would win a majority of 150 to 200 seats in parliament at the election tomorrow as the answer to Prime Minister Ramsey MacDonald's appeal for a "doctor's mandate" to rule the country.

At the same time, Arthur Hencerson, leader of the opposition, declared there has been a strong leaning toward the Labor party during the last few days and that it was difficult to forecast results. Henderson, veteran Labor leader who was secretary of state for God Church vs. First National
